## RIGHT-SEAT COMPANION REGISTRATION INFORMATION

The Scioto Valley Chapter of the 99s is presenting a weekend for the non-pilot at the Madison County Airport (UYF) Saturday and Sunday, May 4-5, 2019. The objective of this worthwhile event is to teach non-pilots how they can assist with pilot workload and how to safely land an aircraft, should the need arise.

The non-pilot will receive approximately 4 hours of ground school to acquire the basics of navigation, radio operation and emergency procedures. They will spend approximately 4 hours in the right seat of ***their own (or a rental) aircraft*** with a certified flight instructor. A debriefing will follow each flight lesson with an experienced pilot. Your aircraft should be on the ramp and available to you from 10 a.m. Saturday, May 4, until 2 p.m. Sunday, May 5. (All times are approximate). Ground school will begin Saturday at 8:30 a.m. and be completed on Sunday by 10:30 a.m. Flight instruction will begin immediately after ground school is completed each day. Generally, two hours of flying will be completed on each of the two days. *All flying is contingent upon the weather and the event may be postponed or canceled. All or part of the registration fee may be returned as appropriate.*

The registration fee includes course materials, the flight instructor, and continental breakfast and lunch each day. The ground school only registration fee includes course materials and continental breakfast.

Participation is limited to the first ten (10) to register and is open to both women and men aged 16 and over. Those aged 16 - 18 **must** have written parental consent. Refunds will be made if notification is received at least one week prior to the event. **The enclosed Certificate of Insurance must be completed and returned (required for flying participants only.)**
